## Executive Summary

### Notices:

- In Fiscal Year (FY) 2013 ACF implemented a new application upload requirement. Each applicant applying electronically via [www.grants.gov](http://www.grants.gov) is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files. Please see *Section IV.2. Content and Form of Application Submission* for detailed information on this requirement.
- Applicants are strongly encouraged to read the entire funding opportunity announcement (FOA) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit “How to Apply for a Grant” on the ACF Grants Page at <http://www.acf.hhs.gov/grants/how-to-apply-for-grants>.

The Office of Refugee Resettlement (ORR) within the Administration for Children and Families (ACF) announces the availability of funds and award procedures for fiscal year 2014 Refugee Health Promotion (RHP) discretionary grant program. The central purpose of this grant program is to promote health and mental health among newly arriving and vulnerable refugees. The RHP program is designed to streamline health promotion activities into refugee resettlement processes from arrival to self-sufficiency, as well as coordinate and support community-based outreach, education, and orientation around health and mental health services. The funding is intended to enhance access to health care services and complement existing medical assistance programs such as Medicaid and Refugee Medical Assistance (RMA), which includes refugee medical screenings (RMS). The RHP program is also designed to encourage partnership with community-based organizations.

## I. Program Description

### Statutory Authority

Section 412(c)(1)(A)(iii) of the Immigration and Nationality Act (INA) (8 U.S.C. §1522(c)(1)(A)(iii), as amended, authorizes the ORR Director to make grants to, and enter into contracts with, public or private non-profit agencies to provide health (including mental health) services, social services, education, and other services, where specific needs have been shown and recognized by the Director.

### Description

## **BACKGROUND**

The Office of Refugee Resettlement (ORR) provides newly arriving refugees and other eligible immigrant populations with the opportunity to maximize their potential in the United States. Health and emotional wellness play an integral role in the refugee resettlement process, the lack of which can pose barriers to personal success. In many refugee camps, sanitation, food supplies, and health care services are limited, which can have implications for malnutrition, infectious diseases, and chronic conditions. Furthermore, refugees have experienced varying levels of trauma, which can impact mental health.

The Refugee Medical Assistance (RMA) program covers medical costs for newly arrived refugees ineligible for Medicaid for up to 8 months from the date of admission to the U.S., grant of asylum, or certification as a victim of human trafficking. The RMA program reimburses allowable medical costs for eligible refugees with limited incomes and may include preventive care, immunizations, screening and treatment of health conditions, as well as doctor and hospital visits. For comprehensive Refugee Medical Screening (RMS) services, please read ORR State Letter #12-09 and corresponding attachments: <http://www.acf.hhs.gov/programs/orr/resource/policy-guidance-state-letters>.

It is important for refugees to receive health screenings upon arrival to identify conditions that threaten their path to self-sufficiency or risk the general public's health. Beyond initial health screenings, accessing health and mental health services can be a significant challenge for many refugees due to cultural differences, lack of transportation, interpretation issues, and limited understanding of the United States healthcare system. Additionally, while refugees with medical and mental health needs should be referred for treatment, non-clinical interventions such as adjustment groups can also provide benefit and may be more accessible for some refugees in need of emotional support.

Access to health care is directly tied to affording services. The Affordable Care Act (ACA) is changing the health insurance landscape by offering new benefits, consumer protections, and affordable health insurance options to Americans, including refugees. Given the complicated nature of the healthcare system in the United States and new options under the ACA, refugees with complex medical conditions are likely to need medical case management until they achieve a level of health literacy to effectively navigate the healthcare system and follow providers' recommendations for self-care.

## **REFUGEE HEALTH PROMOTION (RHP) OVERVIEW**

### **RHP Goal and Scope**

Overall, the RHP program seeks to incorporate health equity into a sustainable refugee resettlement model through a comprehensive, statewide approach by supporting and streamlining activities that promote health and emotional wellness for refugees. The goal of RHP program is incorporate a framework of health services from arrival to self-sufficiency, ranging from attending health orientation and education classes to accessing health services to obtaining affordable ongoing health care. Within this framework, the RHP program aims to build capacity to address identified health needs within refugee communities and reduce barriers to achieving wellness.

The framework contains three key components:

- 1) health literacy;
- 2) access to health and emotional wellness services;
- 3) and affordable health care beyond resettlement.

To ensure cultural competency, ORR is interested in projects that are carried out in partnership with community-based organizations, including resettlement agencies and ethnic community-based organizations. ORR will be awarding additional bonus points for this element, as referenced in *Section V.1. Criteria*.

To ensure statewide coordination and broad reach of health services, ORR also encourages collaboration

and involvement between the State Refugee Coordinator office and the State Refugee Health Coordinator office, where applicable.

## RHP Objectives

The RHP program encompasses a comprehensive, statewide approach for refugee health and has identified the following objectives:

**1) Promote Health Literacy:** To design and lead effective or innovative health activities/interventions that specifically address identified public health needs among refugee communities.

*Allowable Activities:*

1. Providing orientation workshops to focus on navigating the healthcare system in the United States for newly arriving refugees.
2. Educating refugee communities about health issues and healthcare in the U.S. through the provision of ongoing health education classes. Possible health topics may include, but are not limited to: navigating the healthcare system; disability, including autism; women's health, including domestic violence and reproductive health; emotional wellness; Lesbian, Gay, Bisexual and Transgender (LGBT) health; vision and dental care.
3. Providing interpretation to support health education trainings and materials.

**2) Reduce Gaps in Health Services:** To ensure that refugees obtain medical and mental health services beyond refugee medical screening, including access to culturally and linguistically appropriate care.

*Allowable Activities:*

1. Providing medical (including mental health) case management services to address complex health needs not supported by other ORR funding.
2. Promoting emotional well-being through non-clinical interventions, including suicide prevention training, community adjustment groups, support groups, or other similar activities.
3. Coordinating community resources for the provision of medically necessary health care services such as dental care that are not currently covered by ORR or other funding sources.
4. Educating health providers about refugee health needs and the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care.
5. Establishing linkages with providers outside of the refugee resettlement network to support access to health and mental health services.

**3) Ensure Access to Affordable Health Care including Health Insurance:** To increase refugee access to health care in the long-term.

*Allowable Activities:*

1. Providing outreach activities, education, and training to refugees without health coverage to ensure they have access to affordable health insurance offered by the Health Insurance Marketplace or other alternative.
2. Providing information and assisting in the ACA enrollment process, such as becoming a Certified Application Counselor or other similar activities.

## RHP PROGRAM REQUIREMENTS

### Eligible Beneficiaries

Services under the RHP program must be provided to refugees, with a focus to recent arrivals and those that have been in the country 2 years or less, but still continue to face serious challenges with regards to access to health and mental health services. Services must be inclusive of all refugee groups, including LGBT populations.

For the purposes of this announcement, the term refugee is used to encompass the following immigration statuses: (1) refugees, (2) asylees, (3) Cuban and Haitian entrants, (4) certain Amerasians from Vietnam,

(5) victims of a severe form of trafficking who receive certification or eligibility letters from ORR, (6) certain other specified family members of trafficking victims, and (7) Iraqi and Afghan Special Immigrants with Special Immigrant Visas (SIVs). Individuals with the aforementioned immigration statuses are eligible for services under the RHP program.

### Culturally and Linguistically Appropriate Services

Due to the diverse nature of the refugee population, mainstream local health and mental health providers must be engaged in implementing the National CLAS Standards. The National CLAS standards are intended to advance health equity, improve quality, and help eliminate health care disparities by providing a blueprint for individuals and health and healthcare organizations to implement culturally and linguistically appropriate services. More information on the National CLAS standards can be found here: <http://minorityhealth.hhs.gov/templates/browse.aspx?lvl=2&lvlID=15>.

### RHP Data Indicators

ORR will be pursuing for data collection from the Office of Management and Budget (OMB) on outcomes achieved for post-award reporting. All proposed performance data points must be included in the semi-annual progress reports. Data points may include, but are not limited to: overall number of refugees served, number of newly arriving refugees served, and number of health services provided (e.g., education classes, health orientations, referrals, or other similar activities).

NOTE: ORR may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. ORR will be seeking approval of its *RHP Data Indicators* through the OMB's Office of Information and Regulatory Affairs (OIRA), as required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521. ORR will not request this information if these data points are not approved at the time that reports are due. Please see *Section VI.3. Reporting* for more information.

### Funding Restrictions

Services provided with these discretionary funds must not supplant services that may be available through existing federal, state, or local programs. Specifically, the RHP program seeks to complement existing funding through medical assistance programs such as Medicaid, RMA, and RMS to ensure a comprehensive package of health services available to refugees; services and charges permitted under RMA and RMS must not be included as part of the RHP program. For more information on the funding restrictions specific to this FOA, please see *Section IV.5. Funding Restrictions*.

For more information on application requirements specific to this FOA, please see *Section IV.2. The Project Description*.

## II. Award Information

Funding Instrument Type:	Grant
Estimated Total Funding:	\$4,730,000
Expected Number of Awards:	40
Award Ceiling:	\$300,000 Per Budget Period
Award Floor:	\$75,000 Per Budget Period
Average Projected Award Amount:	\$120,000 Per Budget Period

### Length of Project Periods:

36-month project with three 12-month budget periods

## **Additional Information on Awards:**

**Awards made under this announcement are subject to the availability of federal funds.**

Applications requesting an award amount that exceeds the *Award Ceiling* per budget period or per project period, as stated in this section, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period. Please see *Section III.3. Other, Application Disqualification Factors*.

**Note:** For those programs that require matching or cost sharing, grantees will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. **A grantee's failure to provide the required matching amount may result in the disallowance of federal funds.**

ORR will only fund one award per state.

Awards for the second and third 12-month budget periods will be made subsequent to approval of non-competing continuation applications and will be subject to the availability of funds, satisfactory progress by the grantee, and a determination that continued funding would be in the best interest of the Federal Government.

Please see *Section IV.5 Funding Restrictions* for limitations on the use of federal funds awarded under this announcement.

## **III. Eligibility Information**

### **III.1. Eligible Applicants**

ORR is limiting this FOA to the following eligible entities: a) the state government agency that is responsible for the refugee program under 45 CFR 400.5 or such agency's designee or the state government agency responsible for the refugee health program as evidenced by ORR's review of the State Plan; b) an agency that has statewide responsibility for an alternative to the state-administered program in lieu of the state under a Wilson/Fish grant authorized by section 412(e)(7) of the INA or such agency's designee. Eligible entities may only submit one application per state or designate one entity to apply on its behalf.

This competition is limited to the named entities because it is the responsibility of these entities to provide oversight and coordination of public and private resettlement resources and health services to refugees within a given state. This oversight ensures coordination among refugee service providers, as well as cooperation at a state level for a broad reach of health services for refugees. In this sense, ORR can ensure that it is awarding available funds nationwide where refugees are resettled for a widespread reach of RPH programming.

In states with multiple eligible entities, ORR strongly encourages these entities to collaborate and submit one application. ORR will only fund one award per state.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See *Section III.3. Other, Application Disqualification Factors*.

## **III.2. Cost Sharing or Matching**

Cost Sharing / Matching Requirement: No

## **III.3. Other**

### **DUNS Number and System for Award Management Eligibility Requirements (SAM.gov)**

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the Central Contractor Registry (CCR) on the System for Award Management (SAM.gov, [www.sam.gov](http://www.sam.gov)).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant should be made, registration in the CCR at SAM must be active throughout the life of the award. **Finalize a new, or renew an existing, registration at least two weeks before the application deadline.** This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award. Maintain documentation (with dates) of your efforts to register or renew at least two weeks before the deadline. See the SAM Quick Guide for Grantees at: [https://www.sam.gov/sam/transcript/SAM\\_Quick\\_Guide\\_Grants\\_Registrations-v1.6.pdf](https://www.sam.gov/sam/transcript/SAM_Quick_Guide_Grants_Registrations-v1.6.pdf).

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

## **Application Disqualification Factors**

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

## **Award Ceiling Disqualification**

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period as stated in *Section II. Award Information*, will be disqualified from competitive review and from

funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

### **Required Electronic Application Submission**

ACF requires electronic submission of applications at [www.Grants.gov](http://www.Grants.gov). **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "Request an Exemption from Electronic Application Submission" in *Section IV.2. Content and Form of Application Submission*.

### **Application Deadlines**

**The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.3. Submission Dates and Times.** Electronic applications submitted to [www.Grants.gov](http://www.Grants.gov) after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from [www.Grants.gov](http://www.Grants.gov), will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to [www.Grants.gov](http://www.Grants.gov), on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to [www.Grants.gov](http://www.Grants.gov) at any time during the open application period, and prior to the due date and time, which fail the [www.Grants.gov](http://www.Grants.gov) validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via [www.Grants.gov](http://www.Grants.gov), the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

**The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the Overview and in Section IV.3. Submission Dates and Times.** Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

### **ORR Additional Disqualification**

ORR will disqualify any applications that do not demonstrate their eligibility in accordance with the designated eligibility criteria, as stated in *Section III.1. Eligible Applicants*. ORR will review applications to ensure that applicants are the State or Wilson/Fish agency responsible for state refugee resettlement program and have submitted a current State Plan to ORR, in accordance with 45 CFR 400.5. In cases where the state government agency responsible for the refugee health program is applying, applications will be reviewed to ensure that the agency is referenced in ORR's review of the State Plan. In cases where a designee is applying on behalf of the State or Wilson/Fish agency responsible for the refugee resettlement program, documentation must be included in the application, as referenced in *Section IV.2. Additional Eligibility Documentation*.

## **Notification of Application Disqualification**

Applications that are disqualified under these criteria are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

#### **FORMATTING ACF APPLICATIONS**

**In FY 2013 ACF implemented a new application upload requirement. Each applicant applying electronically via [www.grants.gov](http://www.grants.gov) is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.**

## **FOR ALL APPLICATIONS:**

### **Authorized Organizational Representative (AOR)**

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

AOR authorization is part of the registration process at [www.Grants.gov](http://www.Grants.gov), where the AOR will create a short profile and obtain a username and password from the Grants.gov Credential Provider. AORs will only be authorized for the DUNS number registered in the System for Awards Management (SAM).

### **Point of Contact**

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

### **Application Checklist**

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

### **Accepted Font Style**

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font.

### **Page Limitations**

**Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.**

**All applications must be double-spaced and in Times New Roman, 12-point font.** An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

### **Application Elements Exempted from Double-Spacing Requirements**

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

### **Adherence to FOA Formatting, Font, and Page Limitation Requirements**

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

In instances where formatting and font requirements are not adhered to, ACF uses a formula to determine the actual number of pages to be removed. The formula counts the number of characters an applicant uses when following the instructions and using 12-point TNR and compares the resulting number with that of

the submitted application. For example, an applicant using TNR, 11-point font, with 1-inch margins all around, and single-spacing, would have an additional 26 lines, or 1500 characters, which is equal to 4/5 of an additional page. Extra pages resulting from this formula will be removed and will not be reviewed.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

**NOTE:** Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

### Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

### Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at [www.Grants.gov](http://www.Grants.gov).

The original of a paper format application must include original signatures of the authorized representatives.

### Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page.

## ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via [www.Grants.gov](http://www.Grants.gov). **ACF will not accept applications submitted via email or via facsimile.**

**Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.**

**File One:** Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

**File Two:** Must contain all documents required in the Appendices.

### Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

**Please do not attach additional documents to the SF-424 at Question 14 and/or after Question 15. Instead of providing a separate response to Question 14, all applicants are required to submit the SF for Project/Performance Site Location(s) (SF-P/PSL). In the SF-P/PSL, applicants may cite their primary location and up to 29 additional performance sites. Documents submitted as attachments to the SF-424 will be removed from the application and will not be reviewed.**

### **Application Upload Requirements**

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed later in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Professional software suite will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

However, ACF understands that all applicants may not have access to this software. Grants.gov offers a listing of several free PDF conversion programs. These programs can be found on Grants.gov by clicking on "Applicants" at the top menu bar and selecting "Applicant Resources" from the drop-down list. Go to the "Technical Support & Self-Help" section and click on "Grants.gov Compatible Software." A link to "PDF Conversion Software" is available in the left-hand menu box. Free PDF software, available on this page, will allow users to convert and merge their PDF documents. As an example, ACF is providing written instructions for downloading and using one type of free software listed at Grants.gov at the following link: [https://www.acf.hhs.gov/sites/default/files/assets/pdf995\\_instructions\\_for\\_video.pdf](https://www.acf.hhs.gov/sites/default/files/assets/pdf995_instructions_for_video.pdf). ACF does not endorse any of the software listed on Grants.gov, and applicants are not required to use a specific type of PDF conversion software to submit an application.

For any systems issues experienced with Grants.gov or with SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at <http://www.acf.hhs.gov/grants> under "Grants Related Information."

### **Required Standard Forms (SFs) and OMB-approved Forms**

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

### **Naming Application Submission Files**

**Observe the file naming conventions required by [www.Grants.gov](http://www.Grants.gov).** Applicants should name their application files so that the content is easily identified by ACF.

### **Use only file formats supported by ACF**

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application**

**submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

**ACF supports the following file formats:**

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

**Do Not Encrypt or Password-Protect the Electronic Application Files**

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

**FORMATTING FOR PAPER APPLICATION SUBMISSIONS:**

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* later in this section under *Application Submission Options* for more information.

**Format Requirements for Paper Applications**

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes.**

**Addresses for Submission of Paper Applications**

See *Section IV.6. Other Submission Requirements* for addresses for paper format application submissions.

**PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:**

**Page Limitation**

With the exception of SFs and OMB-approved forms, the application submission in its entirety (Project Description and Appendices files) is limited to 60 pages.

The Project Description (Narrative file) must include the following items:

- Table of Contents;
- Project Summary/Abstract;
- Objectives and Need for Assistance;
- Outcomes Expected;

## Non-Federal Reviewers

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

## The Project Description

### Part I: The Project Description Overview

## **Purpose**

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. It should address the activity for which federal funds are being requested, and should be consistent with the goals and objectives of the program as described in *Section I. Funding Opportunity Description*. Supporting documents should be included where they can present information clearly and succinctly. When appropriate, applicants should cite the evaluation criteria that are relevant to specific components of their project description. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

## **General Expectations and Instructions**

Applicants should develop project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

## **Part II: General Instructions for Preparing a Full Project Description**

### **Introduction**

Applicants must prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria in *Section V.I. Criteria*. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

### **Table of Contents**

List the contents of the application including corresponding page numbers. The table of contents must be single spaced and will be counted against the total page limitations.

### **Project Summary/Abstract**

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced, in Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

### **Objectives And Need For Assistance**

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as well as data describing the needs of the target population and the proposed service area as needed. When appropriate, a literature review should be used to support the objectives and needs described in this section.

## **Outcomes Expected**

Identify the outcomes to be derived from the project. Outcomes should relate to the overall goals of the project as described in *Section I. Funding Opportunity Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Applicants must identify measurable outcomes for each proposed objective outlined in *Section IV.2. Objectives and Need for Assistance*. Expected outcomes must be specific, measurable, and time-bound and relate to the proposed Approach, Logic Model, and Evaluation Plan.

For example:

**Objective:** Increase refugee health literacy so they can navigate the U.S. healthcare system independently.

**Outcome:** 100 newly arriving refugees will demonstrate increased knowledge about how to navigate the U.S. healthcare system by January 1, 2015.

**Output/milestone:** 100 refugees will complete health orientations in the first quarter.

## **Approach**

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application. Describe any design or technological innovations, reductions in cost or time, or extraordinary social and/or community involvement in the project. Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

Applications must address and satisfy all *RHP Program Requirements* and all three *RHP Objectives* related to the comprehensive RHP framework for health listed in *Section I. Program Description*. Applicants must describe program activity(ies) under each designated RHP Objective. Activity(ies) must accord with allowable activities under *RHP Objectives*, as described in *Section I. Program Description*. In the event that the state refugee health program is already fulfilling any of the three listed *RHP Objectives* with outside funding sources, this must be clearly stated. Where applicable, applicants must demonstrate or address the approach for incorporating a comprehensive, statewide framework for a broad reach of refugees in the state. Applicants must demonstrate that activities facilitate the health and wellness of refugee communities.

## **Project Timeline and Milestones**

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function, or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

### **Program Performance Evaluation Plan**

Applicants must describe the plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation should monitor ongoing processes and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key processes, and expected outcomes of the funded activities. The plan must be supported by a logic model and must explain how the inputs, processes and outcomes will be measured, and how the resulting information will be used to inform improvement of funded activities.

Applicants must describe the systems and processes that will support the organization's performance management requirements through effective tracking of performance outcomes, including a description of how the organization will collect and manage data (e.g. assigned skilled staff, data management software) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed.

Applicants must include a description of how the program intends to address and collect information for the *RHP Data Indicators*, as referenced in *Section I. Program Description, RHP Program Requirements*.

### **Geographic Location**

Describe the precise location of the project and boundaries of the area to be served by the proposed project.

### **Legal Status of Applicant Entity**

Applicants must provide the following documentation:

Non-profit 501(c)(3) organizations applying for funding are required to submit proof of their non-profit status. Proof of 501(c)(3) non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt 501(c)(3) organizations described in the IRS Code.
- A copy of a currently valid IRS 501(c)(3) tax-exemption certificate.

### **Additional Eligibility Documentation**

Applicants must provide the additional, required documentation, or required credentials, to support eligibility for an award, as described in *Section III. Eligibility Information* of this announcement:

If the applicant is a designee of the state government agency that is responsible for the refugee program under 45 CFR 400.5 or a designee of an agency that has statewide responsibility for an alternative to the State-administered program in lieu of the state under a Wilson/Fish grant authorized by section 412(e)(7) of the INA, the applicant must provide a letter of designation on official letterhead from the state government agency that is responsible for the refugee program or Wilson/Fish agency.

## **Logic Model**

Applicants must submit a logic model for designing and managing their project. A logic model is a tool that presents the conceptual framework for a proposed project and explains the linkages among program elements. While there are many versions of the logic model, they generally summarize the logical connections among the needs that are the focus of the project, project goals and objectives, the target population, project inputs (resources), the proposed activities/processes/outputs directed toward the target population, the expected short- and long-term outcomes the initiative is designed to achieve, and the evaluation plan for measuring the extent to which proposed processes and outcomes actually occur.

## **Project Sustainability Plan**

Applicants must propose a plan for project sustainability after the period of federal funding ends. Grantees are expected to sustain key elements of their grant projects, e.g., strategies or services and interventions, which have been effective in improving practices and those that have led to improved outcomes for children and families.

Describe the approach to project sustainment that will be most effective and feasible. Describe the key individuals and/or organizations whose support will be required in order to sustain program activities. Describe the types of alternative support that will be required to sustain the planned program. If the proposed project involves key project partners, describe how their cooperation and/or collaboration will be maintained after the end of federal funding.

## **Organizational Capacity**

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to fulfill their role(s) and function(s) effectively;

## **Third-Party Agreements**

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. General letters of support are **not** considered to be third-party agreements. Third-party agreements must clearly describe the project activities and support to which the third party is committing. Third-party agreements must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization.

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

## **Letters Of Support**

Provide statements from community, public, and commercial leaders that support the project proposed for funding. All submissions must be included in the application package.

### **Plan for Oversight of Federal Award Funds**

Provide a plan describing how oversight of federal funds will be ensured and how grant activities and partner(s) will adhere to applicable federal and programmatic regulations. Applicants must identify staff that will be responsible for maintaining oversight of program activities, staff, and partner(s). Applicants must describe procedures and policies used to oversee staff and/or partners/contractors.

Describe organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

### **The Project Budget and Budget Justification**

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C, according to the directions provided with the SFs. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

***Special Note:** The Consolidated Appropriations Act, 2014 (Pub.L. 113-76), enacted January 17, 2014, limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the Federal Executive Pay scale is \$181,500 (<http://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2014/EX.pdf>). This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to subawards/subcontracts under a ACF grant or cooperative agreement.*

Provide a budget using the 424A and/or 424C, as applicable, for each year of the proposed project.

Provide a budget justification, which includes a budget narrative and a line-item detail, for the first year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

ORR has included a funding restriction related to costs already covered by existing medical assistance programs such as Medicaid and RMA, which includes RMS. Applicants who are current recipients of federal, state, or local financial assistance must clearly describe how they will ensure that any awarded funds from this FOA will not be used in lieu of any other funding, including RMA funding for medical screening.

ORR has included a funding restriction that limits administrative costs to 10% or less of the overall budget. Administrative costs are defined as costs related to the direct management of the grant or evaluation of grant activities but do not include contractual or indirect costs. Applicants must describe and

demonstrate how their budget meets this requirement.

No funds from this grant can be spent on directly purchasing medical services or health insurance. Applicants must demonstrate compliance with this requirement.

**For more specific details, please refer to *Section IV.5. Funding Restrictions*.**

## **General**

Use the following guidelines for preparing the budget and budget justification. When a match or cost share is required, both federal and non-federal resources must be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which the applicant is applying. "Non-federal resources" are all other non-ACF federal and non-federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, federal budget; next column(s), non-federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

## **Personnel**

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent: annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

## **Fringe Benefits**

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

## **Travel**

Description: Costs of out-of-state or overnight project-related travel by employees of the applicant organization. Do not include in-state travel or consultant travel.

Justification: For each trip show the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget.

## **Equipment**

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year per unit and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the

applicant organization's regular written accounting practices.)

Justification: For each type of equipment requested applicants must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

## **Supplies**

Description: Costs of all tangible personal property other than that included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

## **Contractual**

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This area is not for individual consultants.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients, other than states that are required to use 45 CFR Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134, as amended by 2 CFR Part 200.88, and currently set at \$150,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each contractor/sub-contractor, by agency title, along with the same supporting information referred to in these instructions. If the applicant plans to select the contractors/sub-contractors post-award and a detailed budget is not available at the time of application, the applicant must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

## **Other**

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultant costs, local travel; insurance; food (when allowable); medical and dental costs (noncontractual); professional services costs (including audit charges); space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description, and a justification for each cost under this category.

## **Indirect Charges**

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not be charged as direct costs to the grant. Also, if the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

## Paperwork Reduction Disclaimer

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description and Budget/Budget Justification is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 10/31/2015. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## Application Submission Options

### Electronic Submission via [www.Grants.gov](http://www.Grants.gov)

- Additional guidance on the submission of electronic applications can be found at <http://www.grants.gov/web/grants/applicants/organization-registration.html>.
- If applicants encounter any technical difficulties in using [www.Grants.gov](http://www.Grants.gov), contact the Grants.gov Contact Center at: 1-800-518-4726, or by email at [support@grants.gov](mailto:support@grants.gov), to report the problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. The Grants.gov Contact Center is closed on federal holidays.
- Applicants should always retain Grants.gov Contact Center service ticket number(s) as they may be needed for future reference.
- **Contact with the Grants.gov Contact Center prior to the listed application due date and time does not ensure acceptance of an application. If difficulties are encountered, the Grants Management Officer listed in Section VII. Agency Contacts will determine whether the submission issues are due to Grants.gov system errors or user error.**

### Application Validation at [www.Grants.gov](http://www.Grants.gov)

After an application has been successfully submitted to [www.Grants.gov](http://www.Grants.gov), it still must pass a series of validation checks. After an application is submitted, Grants.gov generates a submission receipt via email and also sets the application status to "Received." This receipt verifies that the application has been successfully delivered to the Grants.gov system.

Next, Grants.gov verifies the submission is valid by ensuring it does not contain viruses, the opportunity is still open, and the applicant login and applicant DUNS number match. If the submission is valid, Grants.gov generates a submission validation receipt via email and sets the application status to "Validated."

If the application is not validated, the application status is set to "Rejected." The system sends a rejection

email notification to the applicant and the applicant must re-submit the application package. See "What to Expect After Submitting" at [www.Grants.gov](http://www.Grants.gov) for more information.

Each time an application is submitted, or resubmitted, via [www.Grants.gov](http://www.Grants.gov), the application will receive a new date and time stamp. Only those applications with on-time date and time stamps that result in a validated application, which are transmitted to ACF, will be acknowledged.

Applicants will be provided with an acknowledgement from Grants.gov that the submitted application package has passed, or failed, a series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged.

**NOTE:** The Grants.gov validation check can affect whether the application is accepted for review. If an application fails the Grants.gov validation check and is not resubmitted by 11:59 p.m., ET, on the due date, it will not be transmitted to ACF and will be excluded from the review.

Similarly, if an applicant resubmits their application to Grants.gov by 11:59 p.m., ET, on the due date, and the resubmitted application does not pass the validation check, it will not be transmitted to ACF and will be excluded from the review.

## Systems Issues

ACF recognizes that some applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit them from uploading large files at [www.Grants.gov](http://www.Grants.gov). To accommodate such applicants, ACF offers an exemption from required electronic submission. The exemption will allow applicants to submit hard copy, paper applications by hand-delivery, applicant courier, overnight/express mail couriers, or by other representatives of the applicant.

To receive an exemption from required electronic application submission, applicants must submit a written request to ACF that must state that the applicant qualifies for the exemption for one of the two following reasons:

- Lack of Internet access or Internet connection, or
- Limited computer capacity that prevents the uploading of large documents (files) at [www.Grants.gov](http://www.Grants.gov).

Applicants may request and receive the exemption from required electronic application submission by either:

- Submitting an email request to [electronicappexemption@acf.hhs.gov](mailto:electronicappexemption@acf.hhs.gov), or
- Sending a written request to the Office of Grants Management Contact listed in *Section VII. Agency Contacts* in this announcement.

Requests for exemption from required electronic application submission will be acknowledged with an approval or disapproval.

Requests that do not state one of the two listed reasons will not be approved.

An exemption is applicable to all applications submitted by the applicant organization during the Federal Fiscal Year (FFY) in which it is received. Applicants need only request an exemption once in a FFY. Applicants must request a new exemption from required electronic submission for any succeeding FFY.

**Please Note:** [electronicappexemption@acf.hhs.gov](mailto:electronicappexemption@acf.hhs.gov) **may only be used to request an exemption from**

**required electronic submission.** All other inquiries must be directed to the appropriate Agency Contact listed in *Section VII.* of this announcement. Queries or requests submitted to this email address for any reason other than a request for an exemption from electronic application submission will not be acknowledged or answered.

All exemption requests must include the following information:

- Funding Opportunity Number (FON),
- The listed Catalog of Federal Domestic Assistance (CFDA) number,
- Name of Applicant Organization and DUNS Number,

- Name and contact information of person to be contacted on matters involving the application (i.e., the Point of Contact), and
- The reason for which the applicant is requesting an exemption from electronic application submission. The request for exemption must state one of the following two reasons: 1) lack of Internet access or Internet connection; or 2) lack of computer capacity that prevents uploading large documents (files) to the Internet.

**Exemption requests must be received by ACF no later than two weeks before the application due date**, that is, 14 calendar days prior to the application due date listed in the *Overview* and in *Section IV.3. Submission Dates and Times*. If the fourteenth calendar day falls on a weekend or federal holiday, the due date for receipt of an exemption request will move to the next federal business day that follows the weekend or federal holiday.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.6.* of this announcement for address information for paper format application submissions.

## **IV.4. Intergovernmental Review of Federal Programs**

This program is covered under Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Executive Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

Applicants should go to the following URL for the official list of the jurisdictions that have elected to participate in E.O. 12372 [http://www.whitehouse.gov/omb/grants\\_s poc/](http://www.whitehouse.gov/omb/grants_s poc/).

Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of their prospective applications and to receive instructions on their jurisdiction's procedures. Applicants must submit all required application materials to the SPOC and indicate the date of submission on the Standard Form (SF) 424 at item 19.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application due date to comment on proposed new awards.

SPOC comments may be submitted directly to ACF to: U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade SW., 6th Floor East, Washington, DC 20447.

Entities that meet the eligibility requirements of this announcement are still eligible to apply for a grant even if a State, Territory or Commonwealth, etc., does not have a SPOC or has chosen not to participate in the process. Applicants from non-participating jurisdictions need take no action with regard to E.O. 12372. Applications from Federally-recognized Indian Tribal governments are not subject to E.O. 12372.

## **IV.5. Funding Restrictions**

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred solely to raise capital or obtain contributions, are considered unallowable costs under grants or cooperative agreements awarded under this funding opportunity announcement.

**Note:** Costs incurred for grant application preparation are not considered allowable costs under an award and may not be included in the project budget or budget justification.

Construction is not an allowable activity or expenditure under this grant award.

Purchase of real property is not an allowable activity or expenditure under this grant award.

The RHP program seeks to complement existing medical assistance programs such as Medicaid, RMA, and RMS to ensure a comprehensive package of health services available to refugees. Therefore, services and charges permitted under RMA and RMS must not be included as part of the RHP program. This includes, but is not limited to, immunization reimbursement, state refugee coordinator and refugee health coordinator salaries, as well as interpretation and transportation for initial medical screening. For more information, please reference State Letter 12-09: Revised Medical Screening Guidelines for Newly Arriving Refugees and State Letter 12-13: Guidance on Reporting and Estimating Administrative Costs For the Refugee Cash and Medical Assistance (CMA) Program at <http://www.acf.hhs.gov/programs/orr/resource/policy-guidance-state-letters>.

The RHP program restricts program budgets by limiting administrative costs to 10% or less of the overall budget. Administrative costs are defined as costs related to the direct management of the grant or evaluation of grant activities but do not include contractual or indirect costs.

No funds from this grant can be spent on directly purchasing medical services or health insurance.

ACF will allow recipients to incur pre-award costs without approval up to 90 days before the proposed beginning date of the project period. ACF will only allow pre-award costs that are necessary for the conduct of the planned activities under the award and which are otherwise allowable under the governing statute, regulations, and applicable cost principles. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the award.

### V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number ([www.dbn.com](http://www.dbn.com)) and an active registration at SAM ([www.sam.gov](http://www.sam.gov)). See *Section III.3. Other*.

#### Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

#### Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to

consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic distribution of federal funds in its award decisions.

ORR may decide to award funding amounts based on newly arriving refugee numbers per each state.

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

### **Approved but Unfunded Applications**

Applications recommended for approval that were not funded under the competition because of the lack of available funds may be held over by ACF and reconsidered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be re-competed for funding with all other competing applications in the next available review cycle. For those applications that have been deemed as approved but unfunded, notice will be given of such determination by postal mail.

### **V.3. Anticipated Announcement and Award Dates**

Announcement of awards and the disposition of applications will be provided to applicants at a later date.

## **VI. Award Administration Information**

### **VI.1. Award Notices**

Successful applicants will be notified through the issuance of a Notice of Award (NOA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NOA will be signed by the Grants Officer and transmitted via postal mail or email. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NOA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.5. Funding Restrictions*.

### **VI.2. Administrative and National Policy Requirements**

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 CFR Part 74 (Awards And Subawards To Institutions Of Higher Education, Hospitals, Other Nonprofit Organizations, And Commercial Organizations) or 45 CFR Part 92 (Grants And Cooperative Agreements To State, Local, And Tribal Governments). The Code of Federal Regulations (CFR) is available at <http://www.gpo.gov>.

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

## **Prohibition Against Profit**

Grantees are subject to the limitations set forth in 45 CFR Part 74, Subpart E-Special Provisions for Awards to Commercial Organizations (45 CFR § 74.81\_Prohibition against profit), which states that, "...no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

## **Equal Treatment for Faith-Based Organizations**

Grantees are also subject to the requirements of 45 CFR § 87.1(c), Equal Treatment for Faith-Based Organizations, which says, "Organizations that receive direct financial assistance from the [Health and Human Services] Department under any Department program may not engage in inherently religious activities such as worship, religious instruction, or proselytization, as part of the programs or services funded with direct financial assistance from the Department." Therefore, organizations must take steps to completely separate the presentation of any program with religious content from the presentation of the Federally funded program by time or location *in such a way that it is clear that the two programs are separate and distinct*. If separating the two programs by time but presenting them in the same location, one program must *completely end* before the other program begins.

A faith-based organization receiving HHS funds retains its independence from federal, state, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS-funded activities.

Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against federal funding of inherently religious activities, Understanding the Regulations Related to the Faith-Based and Neighborhood Partnerships Initiative" are available at <http://www.hhs.gov/partnerships/about/regulations/>. Additional information, resources, and tools for faith-based organizations is available through The Center for Faith-based and Neighborhood Partnerships website at <http://www.hhs.gov/partnerships/index.html> and at the <https://www.acf.hhs.gov/programs/ocs/resource/capacity-building-toolkits-for-faith-based-and-community-organizations>.

## **Award Term and Condition under the Trafficking Victims Protection Act of 2000**

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104). For the full text of the award term, go to <http://www.acf.hhs.gov/grants/award-term-and-condition-for-trafficking-in-persons>. If you are unable to access this link, please contact the Grants Management Contact identified in *Section VII. Agency Contacts* of this announcement to obtain a copy of the term.

## **Requirements for Drug-Free Workplace**

The Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101-8106) requires that all organizations receiving grants from any federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the

requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government-wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR Part 182; HHS implementing regulations are set forth in 2 CFR § 382.400. All recipients of ACF grant funds must comply with the requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 CFR § 382.225. The rule is available at <http://www.gpo.gov/fdsys/pkg/CFR-2001-title45-vol1/content-detail.html>.

## **Debarment and Suspension**

HHS regulations published in 2 CFR Part 376 implement the governmentwide debarment and suspension system guidance (2 CFR Part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at <https://www.sam.gov/>, although checking the EPLS is not required. More information is available at <https://www.acf.hhs.gov/grants-forms>.

## **Pro-Children Act**

The Pro-Children Act of 2001, 20 U.S.C. §§ 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

## **HHS Grants Policy Statement**

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. Appendices to the HHS GPS include a glossary of terms and a list of standard abbreviations for ease of reference. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/grants/discretionary-competitive-grants>.

## **Freedom of Information Act (FOIA)**

Applications funded by federal grant programs are subject to disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Such applications are frequently requested under the FOIA, consistent with

the FOIA's requirement to proactively disclose frequently requested materials at 5 U.S.C. § 552(a)(2)(D). Each released application will receive appropriate redaction of specific information to protect personal privacy and competitively sensitive commercial information. Information on filing a FOIA request is available at <http://www.acf.hhs.gov/submit-a-foia-request>.

## VI.3. Reporting

Grantees under this funding opportunity announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section. Final reports may be submitted in hard copy to the Grants Management Office Contact listed in *Section VII. Agency Contacts* of this announcement. Instructions on submission of reports electronically will be provided with award documents.

### Performance Progress Reports (PPR)

Notice of Award documents will inform grantees of the appropriate performance progress report form or format to use. Grantees should consult their Notice of Award documents to determine the appropriate performance progress report format required under their award. Performance progress reports are due 30 days after the end of the reporting period.

Final program performance reports are due 90 days after the close of the project period. For awards that implement the use of the SF-PPR, that form may be found under "Reporting" at <https://www.acf.hhs.gov/grants-forms>

### Federal Financial Reports (FFR)

As of February 1, 2011, HHS began the transition from use of the SF-269, Financial Status Report (Short Form or Long Form) to the use of the SF-425 Federal Financial Report for expenditure reporting. SF-269s will no longer be accepted for expenditure reports due after that date. If an SF-269 is submitted, the ACF will return it and require the recipient to complete the SF-425.

The transition strategy is allowing individual HHS Operating Divisions to select--from a limited number of options--the approach that best fits their programs and business process. This transition does not affect completion or submission of the cash reporting to the HHS Division of Payment Management's Payment Management System (PMS). The primary features of this transition for recipients are that OPDIVs that previously required electronic submission of the SF-269 will receive the SF-425 expenditure reports electronically and, until further notice, OPDIVs that have been receiving expenditure reports in hard copy will continue to do so.

All expenditure reports will be due on one of the standard due dates by which cash reporting is required to be submitted to PMS or at the end of a calendar quarter as determined by the Operating Division. As a result, a recipient that receives awards from more than one OPDIV may be subject to more than one approach, but will not be required to change its current means of submission or be subjected to more than eight standard due dates.

Beginning with budget periods which end from January 1 - March 31, 2011, and for all budget periods thereafter, all affected ACF grantees will be required to submit an SF-425 report as frequently as is required in the terms and conditions of their award using due dates for reports to PMS.

For budget periods ending in the months of:	The FFR (SF-425) is due to ACF on:
January 01 through March 31	April 30
April 01 through June 30	July 30

July 01 through September 30	October 30
October 01 through December 31	January 30

Fillable versions of the SF-425 form in Adobe PDF and MS-Excel formats, along with instructions, are available at [http://www.whitehouse.gov/omb/grants\\_forms](http://www.whitehouse.gov/omb/grants_forms) and at <https://www.acf.hhs.gov/grants-forms>. Further instructions will be provided, as necessary, with award terms and conditions that will address specific reporting periods and due dates on an award-by-award basis.

For planning purposes, ACF reporting periods for awards made under this announcement are as follows:

Program Progress Reports: Semi-Annually  
 Financial Reports:              Semi-Annually

### **Federal Financial Accountability and Transparency Act (FFATA) Subaward and Executive Compensation**

Awards issued as a result of this funding opportunity may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR Part 170. See ACF's Award Term for Federal Financial Accountability and Transparency Act (FFATA) Subaward and Executive Compensation Reporting Requirement implementing this requirement and additional award applicability information at <https://www.acf.hhs.gov/grants/discretionary-competitive-grants>.

### **Tangible Property Report (SF-428)**

As of April 1, 2012, the Administration for Children and Families began requiring the use of the Tangible Personal Property Form (SF-428).

The **SF-428** is a standard form used by awarding agencies to collect information related to tangible personal property (equipment and supplies) when required by a federal financial assistance award. The form consists of the cover sheet, SF-428, and three attachments to be used as required: Annual Report; Final (Award Closeout) Report and a Disposition Request/Report. A Supplemental Sheet, SF-428S, may be used to provide detailed individual item information.

The form is available under "Reporting" at <http://www.acf.hhs.gov/grants-forms> and at [http://www.whitehouse.gov/omb/grants\\_forms](http://www.whitehouse.gov/omb/grants_forms).

### **Real Property Status Report (SF-429)**

Beginning with budget periods ending September 30, 2012, and for all budget periods thereafter, all ACF grantees are required to submit the SF-429 report(s) as frequently as required in the terms and conditions of their award(s).

The **SF-429** is a standard report used by recipients of federal financial assistance to report real property status (Attachment A) or to request agency instructions on real property (Attachments B, C) that has been/will be provided as Government Furnished Property (GFP) or acquired (i.e., purchased or constructed) in whole or in part under a federal financial assistance award (i.e., grant, cooperative agreement, etc.). This includes real property that was improved using federal funds and real property that was donated to a federal project in the form of a match or cost share donation. This report is used for awards that establish a federal interest on real property.

The form is available under "Reporting" at <http://www.acf.hhs.gov/grants-forms> and at [http://www.whitehouse.gov/omb/grants\\_forms](http://www.whitehouse.gov/omb/grants_forms).
